

2006 SHARED WEB HOSTING PLANS

AFFORDABLE, BUSINESS-GRADE HOSTING FOR YOUR WEB SITE

TRUST YOUR WEB SITE TO AUSTRALIA'S LARGEST WEB AND APPLICATION HOSTING COMPANY.

When you host your web site with WebCentral, you gain access to:

- Free 24x7 phone & online technical support
- Free basic web site building tool, SiteBuilder, with all web hosting plans
- Unlimited mailboxes for your staff email accounts
- Ability to 'add on' a broad range of components, including ColdFusion, Microsoft® SQL and MySQL
- Our multiple, redundant connections to the internet, which deliver your web pages to your visitors via the fastest route possible, even if one connection is busy or down.

WebCentral can also offer a wide range of additional services to help you promote and manage your online business, such as email marketing, e-commerce and collaboration tools, and premium email.

OUR HOSTING PLANS AT A GLANCE:

ECONOMY	The ideal hosting plan for simple HTML web sites with static web pages containing mostly pictures and text. Designed to suit the needs of new and small businesses wanting to establish their first online presence.	From \$35/mth*
BUSINESS	As our entry level of hosting with support for .NET, ASP, PHP and SQL, the Business plan is designed to support dynamic web sites that use these development and database technologies.	From \$56/mth*
PROFESSIONAL	A powerful hosting plan ideally suited to sophisticated web sites with significant levels of interactivity and traffic. The Professional plan allows you to utilise ColdFusion and have your own IP address to support a Domain Specific SSL Key.	From \$77/mth*
PREMIER	The Premier plan is a high performance hosting solution perfectly suited to content-intensive, database-driven web sites that generate large volumes of traffic. With generous data storage and traffic allocations, this plan is the perfect option for businesses wanting maximum speed and performance for their web site.	From \$266/mth*
PREMIER ADVANTAGE	As our highest level of shared hosting, the Premier Advantage plan is a load balanced solution designed for business-critical web sites with very high traffic requirements. It is a cost-effective solution for businesses demanding optimum performance of their web site or online application all the time, at a fraction of the cost of a dedicated server.	From \$641/mth*

* Based on upfront, non-refundable payment of 12-month contract.

Why choose WebCentral to host your web site?

If your company's web site or online application is important to you, then you'll want nothing less than WebCentral's world-class hosting services. Below are just a couple of reasons why you should trust your web site to Australia's largest web hosting company:

Fast, responsive, round the clock technical support:

All web hosting customers have access to free 24x7x365 phone and online technical support. WebCentral's experienced and friendly Technicians are only a phone call away to provide you with the advice and support you need, when you need it most.

Award-winning:

WebCentral is not only Australia's largest web and application hosting company, we're the best! In 2003, 2004 and 2005, we have been globally recognised as the Microsoft® Hosting Service Provider of the Year.

Superior speed, reliability and performance:

WebCentral has multiple, large-scale connections to the internet which enable ultra-fast loading of your web site pages, and provides a superior experience for your web site visitors. Our redundant network architecture helps to ensure that your web site is always available even if one link has failed, because all your web site requests are automatically redirected through the other active internet connections.

State-of-the-art infrastructure:

We manage our own telecommunications-grade data centres in Australia which are protected by multiple layers of sophisticated security. Combined with regular offsite backups of your data and standby servers, these systems help to ensure that your web site or application can be brought back online as soon as possible in the event of an emergency.

- Server space allocation includes web site storage and mailbox storage. Excess storage is charged at \$0.099 per MB per month.

Excess data transfer charges apply if your web site's traffic exceeds this allocation.

+ Available as Add-Ons which may incur an additional charge.

* Upfront payment of 12-month contract is required and is non-refundable if you terminate the service before the end of the term.

^ The Monthly Payment option is a month-by-month contract, which can be terminated on one month's notice.

All prices are in Australian dollars and are inclusive of GST.

For full Terms & Conditions of these hosting plans (including any applicable excess data transfer charges), you should refer to WebCentral's Standard Terms & Conditions and the applicable Product Terms available at www.webcentral.com.au. Please read our Terms and Conditions carefully as they contain exclusions of liability and also include indemnities from you to WebCentral.

DID YOU KNOW...
